Thanks to all the donations and to those

Thank You

who prepared Quilts & Kits this past quarter.

We had volunteers from Trinity Lutheran Youth in Winfield, Kansas come to help us sort donations. The first group worked in the morning for a few hours while the others visited a stained glass shop. Then after they shared lunch together, the two groups switched places and the second group sorted donations for a few hours in the afternoon. It was a whirlwind of activity and we appreciated all their efforts. We hope they had fun while sharing their time with us (at least we know one did with wigs and bibs). We hope this service project helped them to learn what it is to give to their community and to those in need.

On March 20th, our latest shipment went to Jurbarkas Evangelical Lutheran Diaconia in Vilkyskiai, Lithuania. A “Diaconia” was originally an establishment built near the church for the care of the poor and distribution to the church’s charities. Lithuania was a destination we had not yet shipped to. Our thanks to those who came and helped us load the truck. We loaded over 1650 boxes of clothing, blankets, etc. plus medical supplies. Hopefully there will be some photos to share with you in the next newsletter.

AS PROMISED - more photos from the shipment to the Foundation of the Blind in Suceava, Romania back in December.

Diapers

School kits
