Domestic Aid

In the 2025–26 fiscal year, the Norfolk warehouse dispatched 165 full semi-load shipments within the United States. Of these, numerous loads supplied food and essential goods to homeless shelters and food banks, while others served Native American reservations across six Western states, border mission sites in Texas, and communities in Kentucky’s Appalachian Mountain region. Return hauls were strategically utilized to collect additional donations, including bulk items from businesses, supplies from schools and hospitals, and resources from multiple churches along established routes—maximizing transport efficiency and resource impact.

Disaster Relief

In response to storms, floods, hurricanes, tornadoes, wildfires, and other natural disasters, Orphan Grain Train provided critical relief across Jamaica, North Carolina, Texas, and Nebraska. Deliveries included sheet rock, roofing materials, cleaning and hygiene supplies, food, clothing, quilts, many miles of fencing materials, 467 bales of hay, and more. Each shipment offered not only practical assistance, but also the reminder of Christ's love and care for families and individuals facing immense loss and hardship.

Servant Activities

2025-26 provided multiple opportunities for Norfolk Operations to respond and reach out to assist and serve in so many different ways.

The flood disaster in North Carolina received a lot of attention as we sent various staff to the region to not only view the damage but make relationships with various agencies and victims of the flood region. Once those relationships were established, we then proceeded with sending supplies, food and financial assistance to get people on their feet again. We also committed a mission team made up of 20+ members of the Concordia Nebraska football team and contractors and leaders to help support and guide these young men to restore the Lutheran Camp Linn Haven in early March, as well as homes in Lansing, NC.

Western Nebraska devastated by wildfires that destroyed close to 600,000 acres, leaving ranchers with burned pasture, damaged fencing and tremendous challenges ahead. OGT responded with hands-on assistance and material support. Volunteers traveled to western Nebraska to help rebuild fencing, while OGT branches coordinated hay and fencing supplies. The response included three semi-loads of fence posts and miles of barbed wire, along with multiple loads of hay for affected ranchers.

An Army of Volunteers

The mission of Orphan Grain Train is made possible through the dedication of our volunteers, many of whom have given years of faithful service for the sake of others. During the 2025-26 fiscal year, volunteers contributed a total of 179,368.15 hours. Valued at \$12 per hour, this represents more than \$2.1 million in service freely given to support our mission. While such generosity can never be fully measured in dollars, we recognize with deep gratitude the countless hours, energy, and compassion poured into this ministry. To all of our devoted volunteers—THANK YOU.

Mission Statement

In loving response to Christ, the Servant, the Orphan Grain Train movement encourages and enables God's people to share personal and material resources in bringing Christ's name and character to needy people, both far and near. Sometimes that character expresses itself as a word well spoken, sometimes as a bandage well applied, and sometimes as a child well fed.
